Thank you for reading otona ni nuts! I had lots of fun translating & editing this manga. There was a separate story at the end of vol. 4 called "Sakuranbo kiss" which I chose not to scanlate because I did not like the story. It was about a girl who fell from a tree and kissed another girl, but she thought it was a guy...^^;; Anyways I hope to see more work from Fukushima Haruka in the future, and I hope you enjoy reading my future manga releases! Thanks again!
